

APPROPRIATIONS COMMITTEE REPORT

Organization: OURS Special Project Request

Date: October 13, 2010

The Appropriations Committee did not accept the special projects funding request for OURS' alumni event by a vote of 0-6-2. With the \$250 anonymous donation, the committee felt that the event could be funded and carried out without the assistance of SA Special Projects. With the additional funding, the SA would only be funding ancillary items that would not be necessary to the functioning of the event. Furthermore, committee members stressed the goal of SA Special Projects is to benefit all undergraduate students and many felt that approving this special projects request would be inappropriate.

Respectfully submitted,

Adam Nicoletti

Vice President for Finance
