## SAF

### **Purpose And Background:-**

Cornell University has always prided itself as being a prime example of diversity and one major differentiating factor is its large international student population. The International Students Board (ISB) serves a crucial role in representing the international student population as well as fostering cultural awareness and diversity on campus – ISB has served in this function for over 20 years at Cornell University. Last year, the University attracted over 4,098 international students (over 19.1% of Cornell students) from around the globe – compared to 3,666 in 2010, an 11% increase, and there were over ~300 international and cultural groups (representing over 30% of total organizations registered in Cornell University). So an internationally focused organization is ever more important in promoting international and cultural education on campus.

Overall, the ISB believes that the request of maintaining the \$2.34 allocation per student per year is justifiable, as it composes less than 2% of the total Students Activities Fee. The total number of international students greatly exceeds 2% on the Cornell campus. As Cornell becomes increasingly international, it is important that the entire student body has a chance to experience these different cultures. Thus, all events that ISB organizes and/or co-sponsors are open to all Cornell students. Furthermore, the total number of international student organizations easily surpasses 2% of total organizations on campus, and more importantly, at least 50% of the large events organized on campus by student organizations have some international cultural sharing, and subsequently are both financially and functionally supported by ISB.

### **Budget Allocation:-**

During the 2012-2013 school year, ~25% of the 320 international and cultural groups requested funding from ISB. Of those groups, approximately 80% were characterized as undergraduate groups under SAFC funding. Thus, a large majority of the events were held with members from the undergraduate community. Furthermore, historically those SAFC groups received over 47.0% of their total funding requests, so there was substantial support for undergraduate student groups. This percentage is thus reflected in the 75% of funding we are requesting from the Undergraduate Students Activity Fee.

In terms of budget allocation, the funds can be subdivided into 3 general categories: co-sponsorships, ISB sponsored events, and internal spending.

Co-sponsorships give the opportunity for cultural organizations to request funding through ISB. The number of co-sponsorship requests to ISB has steadily increased through the years, with some fluctuations to about 67 unique groups last year (>100 since last cycle). We believe there would have been significantly more ISB funding awards last year but several organizations had to cancel, postpone or withdraw their request because they could not find other co-sponsorship money to cover the total amount of their anticipated expenses for their event. Many organizations tailored their budgets to our unofficial maximum \$1100 award. We are planning to increase our maximum funding amount to \$1500 this year, as many groups needed additional funding beyond the current limit due to collaborations and bigger events being organized.

We anticipate a higher average amount will be requested, reflecting the increase in collaborations. Additionally, we expect the number of groups requesting ISB funding to also increase significantly in the next several years. There are over 300 international and cultural groups on campus. With more publicity and awareness, we are projecting at least an approximate 5% increase in the number of groups requesting funding, from over 100 distinct groups currently seeking funding to 105 groups and collaborations in 2015.

In the 2012-2013 academic year, we had an average request of \$971 per group and we predict a 3% increase of requests each year, with consideration of inflation and other higher expenses. Thus, we expect average requests of \$1030 and \$1061 for the 2014-15 and 2015-16 years, respectively. Through these increases, we hope to achieve a funding percentage of around 49% to provide greater support to all the international and cultural groups on campus.

In terms of internal spending, we have been spending less for this year compared to our previous years in line with the University's effort to reduce spending. We plan on remaining at this low level, because we prefer to provide more funding to our student organizations. Funds towards internal spending are used to handle all administrative tasks as well as to create a close-knit and efficient team for ISB. We are requesting ~\$1100 for 2012-13 and ~\$1200 for 2013-14, allowing for inflation. These amounts will continue to allow the organization to run smoothly within, and also build up the bonding of the ISB members, which will bring synergy and more group dynamics in carrying out their duties.

Lastly, the ISB also organizes activities under the International Festival. Some of the activities organized last years include the Mini-World Cup, International Ball, International Film Festival, the Cornell International Students Reunion as well as International Flag Painting. The purpose of these activities is to involve students groups from across the campus to promote international understanding and foster relationships, inclusion and collaborations among students. These events have been very successful and received positive feedback from both students and faculties who have attended.

Therefore, the ISB would like to request to maintain the **\$2.34** per student per year for the Student Assembly/SAF by-line funding allocation for 2014-16 fiscal years.

## History

The International Students Board (ISB), formally International Students Programming Board (ISPB), is an organization of students from a diverse background committed since over 2 decades to promoting dialogue and awareness about world events, cultures, and issues. We fulfill this goal through the ISB's original events and the funding of student organizations, as well as assisting in the planning and execution of their events. The ISB believes that the university environment offers a unique opportunity for the interaction of ideas and opinions. The prestige and resources of Cornell University allow us to plan major events and to hear from influential speakers, and we are committed to fulfilling this potential. In the past, ISB has hosted International Food Festival, International Dance Fest, Mini-World Cup, and Flag Painting.

## Core Objectives

The funding ISB receives and distributes enables ISB to fulfill its core objectives:

**Greater Ability to fund diverse groups:** Since ISB is an umbrella organization, it serves as an important source of funding for many diverse groups on campus. We have funded over 100 distinct organizations since the past funding cycle.

**Greater Ability to foster cross-cultural interaction among different groups:** ISB co-hosts and sponsors many events with other cultural groups in an effort to promote cultural exchange on campus and form connections between them.

**A platform for international exchange:** ISB consists of students from diverse backgrounds and provides a place for students from diverse backgrounds to voice their opinions.

## **Activities, Programming, and Events**

---

On a weekly basis, ISB board members gather together and have a two-hour meeting to have budget hearings with various cultural groups on campus. During each budget hearing, the board members will first closely examine each budget sheet submitted by each club and then ask questions when they concern about certain expenses, the location of the event, expected number of guests, etc. After each budget hearing, the board members will then decide how much to fund each group depending on the feasibility of each event.

There are two general categories of events that the ISB sponsors: (1) ISB's own events to promote International Understanding on campus all year round and (2) events cosponsored with other student cultural groups on campus. Some popular events held this year include the International Ice Cream Social, the Masquerade Ball, Mini-World Cup, as well as an International Flag Painting event. As the ISB also serves as an umbrella group for all international and cultural organizations on campus, we hope to continue our efforts to reach out and assist all international student organizations to the best of our abilities. This includes co-sponsoring or even co-organizing events with the various organizations. Some examples include the Hindu Holi Festival, PaoBhangra, Japanese Bonten live, Translate-Interpreter Program Taste of Culture, the International Ball and the Sabor Latino Dance Ensemble.

- D. There is no fixed number of Board members. However, it is recommended that no less than 10 and no more than 18 members be on the Board. To ensure continuity in the activities and functioning of the Board, a portion of the Board should continue on from one year to the next. An effort should be made to elect members from various years and diverse backgrounds. The President, Vice-President of Operations, Vice-President of Finance, and Vice-President of Public Relations (Executive Committee) may be elected from the current Board for the next year, as they will have the experience to run the Board smoothly and efficiently in the following year. The election of graduate students to the Board is also encouraged.

  - 1. Prospective members will send applications prior to the election.

If only one person is running for an officer position, s/he is automatically elected to it. If there is no candidate for the position, the members will vote amongst themselves to designate a person.

## **Article VII – Resignation/Removal of Board Members**

- A. A petition signed by 50% of the Board will be necessary for the Board to consider the removal of any member.
  
- B. If any member fails to meet the requirements of her/his office, a two-thirds majority vote of the Board can remove her/him from the Board. A member can be removed from the Board if found to conflict with the interests of the Board. This procedure also requires a two-thirds majority vote after a full hearing.
  
- C. Three absences (and two for the first semester of new members) will be allowed per semester. If someone exceeds that allowance, each case will be assessed individually. The president will speak with the member, and the board will discuss the case in light of the member's contributions and other factors.
  
- D. Arriving ten minutes late unexcused at a board meeting constitutes a half-absence, while arriving one hour or more after the beginning of the meeting under similar conditions is counted as a full absence.

## **Article VIII – Mechanics of Meetings:**

- A. Meetings will take place weekly during the academic calendar, except during school holidays.

- B. In the events that members of the Board feel that Executive Board members should explain or clarify their actions, the President is required to call a meeting of the Board within two weeks of receiving a petition to that effect, signed by at least one-third of the Board members.
- C. Quorum will be one-half of the Board, of whom one must be the President, unless s/he is excused.
- D. The President will not vote during a decision-making process, unless there is a tie. In case of a tie, the President may cast a vote, or call for a re-vote, at her/his discretion.

### **Article IX – Guidelines for Co-Sponsorship:**

The following guidelines may be followed for funding a co-sponsored event.

- A. Consider the cost-benefit ratio for the event.
- B. Consider the anticipated size and profile (diversity) of the crowd attending the event.
- C. Consider the percentage of the total budget requested from the Board and that the organization has explored other possible funding resources.
- D. Consider whether the event is open to the entire Cornell community and promotes internationalism and/or multiculturalism. If event does not fall under any of the aforementioned category, the board can only fund publicity materials. All other events will be considered on a case by case basis.
- E. Provide maximum to small and new organizations, but not at the expense of the former points (Article IX A-D)
- F. All student organizations, to be considered for co-sponsorship, must have registered their organization with the Student Activities Office under the Dean of Students. If not possible, the co-sponsorship applicants must be recognized by some element of the university, either through professors, departments, or student organizations. ISB will also co-sponsor events organized by Program Houses and Study Programs provided they meet the criteria outlined in Article IX A-D
- G. To avoid double funding of a particular item using Student Activity Fee (SAF) money, each group seeking co-sponsorship will be required to detail what SAFC/GPSAFC funding is to be used for. ISB co-sponsorship can be used for items not covered by SAFC/GPSAFC funding (e.g. Food) as well as to supplement SAFC/GPSAFC funding where this is not adequate to cover a particular item. ISB can also explicitly state what portions of a particular budget it will not fund.

- H. Student organizations are required to submit 1 copy of the completed budget proposal per member of the board, prepared according to the Board's recommended outline (which will be made available to all students organizations), to the Board preferably at least two weeks prior to the proposed event. This procedure will give the Board sufficient time to review the proposal and address any issues that may arise. Budgets can be submitted up to two weeks after the event but are not guaranteed an equal review and/or funding disbursement. Late applications are subject to a penalty.
- I. Board members who are applying on behalf of their other affiliated organizations may not be present for the discussion of their funding request or participate in the voting process.
- J. If a member holds an officer position in another organization that applies for funding, he / she will be prohibited to vote on any decision relating to that organization
- K. The financial advisory committee will review the budget before submitting it to the Board for hearing. If not properly prepared, the financial advisory committee may ask an organization to revise the budget. Once the budget is submitted to the Board for hearing, decisions may be based on the available information, rather than sending back the budget for additional information.
- L. If a student organization feels that it was not treated fairly, it has the right to appeal to the Board to reconsider the funding decision. But the appeal must be made within a week after negotiation.
- M. The Board must review all budget proposals. A full quorum (one-half) of the Board is required to allocate funds. In the case of an organization unable to have its budget reviewed at a regular meeting before the event (for some acceptable reason), the Board may call an emergency meeting to review the budget.
- N. Funds for the co-sponsored events of the International Festival can be allocated (if necessary) by the Executive Committee in consultation with at least one member (other than the Vice-President for Finance) of the financial advisory committee. This right has to be approved by the Board. Notifications to the Board must be made within a week.
- O. ISB reserves the right to ask for copies of receipts from groups and examine the group's budget after an event has taken place.
- P. Co-sponsorship handling & budget hearing procedure
- The board member collecting the budget should review it for completeness. If items are missing or the budget incorrect, the group

- should be contacted and requested to bring the necessary information / budget corrections with them to Sunday's hearing
- At the budget hearing the group will be asked to present itself, its mission and outline the budget to be considered for co-sponsorship. The board members are then free to ask questions to the group representative with due regard to the former points (Article IX A-F)
  - During closed session: President will allow 5 minutes of open forum to discuss event. Then a call for dollar amounts will be made. A second from another board member is required for each figure suggested. The person suggesting must give reasons for his/her figure. When all suggested amounts have been presented voting will take place by hands starting w/ the lowest suggested sum. If there is a tie the president will cast his/her vote.
  - Groups will be contacted at the latest by the following Tuesday evening with the decision of the board. The e-mail as well as indicating the amount funded will explain in detail the reason for any deductions made by the board and include any suggestions made during the groups' presentation. The e-mail must also specifically request that all publicity acknowledges ISB co-sponsorship. Also if the event has an entrance fee a request will be made at this time for two complimentary tickets to permit members to attend according to the guidelines outlined in Article IX M.
  - Groups that are late or failed to appear at a previous hearing are not guaranteed an equal review and/or funding disbursement. They are subject to a penalty.

#### **Article X – Subcommittees:**

- A. The Board may form subcommittees from time to time for any special function, as it finds necessary.
- B. The Board may select members from the subcommittees from within the Board and/or outside the Board.
- C. Subcommittees will report to the President of the Board.
- D. All decisions of the subcommittees will be subject to the approval of the Board, unless otherwise authorized by the Board.

#### **Article XI – Amendments:**

- A. Any member of the Board may propose an amendment to this constitution.
- B. An amendment shall be passed by a two-thirds majority vote.

#### **Appendix 1: Instructions to groups seeking co-sponsorship from ISB**

04.12.2013

The following information is available on the ISB website:  
[www.rso.cornell.edu/ISB](http://www.rso.cornell.edu/ISB)

- Your group must be recognized by the university. The group is encouraged to be registered with the Students Assemblies Office. Contact Roxanne Edsall for more information.
- We can fund events by Program Houses and Study Programs.
- Events must be open to the entire Cornell Community. As a result, we do not fund events held during University Holidays.
- Groups, on occasion, may request funding for overseas events and trips, contingent upon the event/trip following ISB's usual funding criteria. Following the trip, groups who receive funding for such events are required to present their experiences / trip in an ISB-sponsored event. Such funding grants may be competitive.
- We cannot sponsor events where a portion of ISB co-sponsorship funds would go to charity. Only operating expenses would be covered. However a donation box is permitted.
- We can fund events up to two weeks after they have taken place, PROVIDED the co-sponsorship form was submitted before the event in question.
- Groups can be funded up to thrice per semester.

#### Funding Procedure:

- Follow SAFC guidelines, with the exception of food.
- Indicate on the form the date submitted and e-mail the ISB Vice-President for Finance to inform him/her of the co-sponsorship request.
- Provide 1 copy of the budget proposal per board member, and an equal number of copies of any additional information you wish to include.
- We fund on an event by event basis and can provide a maximum of \$1000 (see below) for events with less than 250 attendees. Events that are likely to have over 250 attendees or involve the organization of several groups may receive a greater maximum funding disbursement.
- 10-minute hearings will take place during regular Board meetings i.e. Sunday evenings from 2:30 p.m. onwards.
- You will be contacted by e-mail of the Board's decision within 2 days of the hearing.

- If the budget proposal is incomplete in any way, the Board can ask the group to return the following week to present a revised budget.
